

Student Rights (Student Right-to-Know Act).

This section provide students with clear and accessible information about the university. The purpose of this requirement is to ensure transparency and to allow students to make informed decisions about their education.

COMPLETION AND GRADUATION RATES.

In accordance with the Student Right-to-Know Act (34 CFR §668.45), CETYS Universidad discloses institutional information related to student enrollment and graduation statistics.

The attached institutional reports for the January–June 2025 period present official data for the Mexicali, Tijuana, and Ensenada campuses. The information includes total student enrollment, distribution by academic level, number of students receiving scholarships or student loans, participation in academic exchange programs, continuing education enrollment, faculty composition, administrative personnel, institutional infrastructure data, and total number of graduates by academic level.

This information is updated after the semester registration process is finished. The most recent information can be consulted on the site <https://www.cetys.mx/en/important-statistics/>

Graduate figures reflect the total number of students who have completed their respective academic programs by level, as reported in the institutional statistical summary for each campus. This information is derived from official institutional records and is published as part of the university's consumer information disclosures.

Students, prospective students, and members of the public may access this information through the institutional website. A paper copy of this disclosure is available upon request through the Office of the Campus Director and Financial Aid Office.
