New GRADUATE PROGRAM

Master of Science in Finance

MBA Double Degree with NIU

Binational graduate program designed to develop advanced knowledge and analytical skills in key areas of finance. Through a curriculum focused on financial markets, investment management, risk assessment, financial statement analysis, and investment project evaluation, students strengthen their ability to interpret complex financial information and make informed strategic decisions.

Developed through a collaboration between CETYS University and Northern Illinois University, the program combines the academic expertise of both institutions with an international learning experience.

This educational experience prepares graduates to pursue professional opportunities in investment and commercial banking, asset and wealth management, insurance, trading, corporate finance, and financial technology.

PROGRAM FORMAT

- Its hybrid format integrates online instruction, courses taught by NIU faculty in CETYS University.
- A one-week academic immersion at **Northern Illinois University**, including visits to U.S. companies and opportunities to engage with faculty members and fellow students.
- **Quarterly program**
- **16 courses**

Northwestern Mexico's only program of its kind, combining advanced financial education with an international double-degree experience.
